As a football coach it is important to focus on development and enjoyment, rather than competition. This is important particularly in children, where the pressure of winning and the disappointment of losing may take away from the real reason they want to play; to have fun. That is what Active Soccer is about. Creating environments to facilitate development, keep children healthy and most importantly giving everyone the opportunity to have fun playing the sport they love!

There will be prizes, a penalty shoot out competition and a small tournament. As well as this, every child will receive a certificate however special awards will be made for participants who put in the 'most effort' and participants who had the 'best attitude'.

The camp is open to children aged 5-11 and is only £24 per child or £40 for 2 children when you quote 'Sibling Discount' in special comments (online) or on the reverse of your leaflet
